- The current Chief Judge is TM Siddharth Balaji from Oratio.

- Choosing of voting judges should be handled by TM Prem.
- Two SAAs are required to ensure that the contest goes on smoothly.
- The SAAs should list out all the general rules and coordinate with the participants to move in and out of the break room.
- The possibility of having SAAs from FFCS was discussed.
- TM Mawiya suggested asking the four new members along with the current members whether the SAA and Timer roles could be taken up by them.
- If the Exordio members are not willing to take up the SAA and Timer roles, TM Mawiya will arrange FFCS members for the same.
- TM Prem mentioned .Chief Judge requested the Contest Chair be assigned ASAP to coordinate with him as well as the contestants.
- The Contest Chair should brief the contestants

3. Inauguration of the New Mentor Systems

- There would be two new mentors, TM Sai Siddharth and TM Jaidev.
- There would be a revamped mentor system.
- Mentor Teams:
    - TM Hari and TM Sriram
    - TM Sai Siddharth and TM Jaidev
    - TM Prem and TM Viswa Danuskka
- TM Mawiya suggested that new members can be in the TM Sai Siddharth and TM Jaidev group.
- The mentor teams will be formed shortly after the meet.
- An explanation of the mentor system will be given after the meeting and will be part of the PO segment in an upcoming meet.

- TM Jaidev suggested October as a good window for recruitments because of the CAT 2 examination.
- Awards discussed here:
    - September print - to get 8 renewals before September 15.
    - Basecamp guardian - having the majority of the current members stay in the next term.

5. Rejuvenation of Speech Participation of Exordio

- TM Prem mentioned that the new members actively participate in the TAG roles but they fear giving the speeches.
- TM Jaidev had discussions with some members about taking part in the meetings, and some of them have no plans of participation.
- TM Jaidev suggested approaching inactive members regarding their renewal status and their participation in meets.
- TM Prem suggested that instead of pushing members to join pathways and take the roles, we can try to address the individual issues preventing them from participating (Timing not suitable, not confident in themself yet, they feel isolated cuz no friends here etc) - and try to address those needs in any way possible like having modifying aspects of some meet for the individual member to be able to attend. If they see us taking the effort to give them individual attention, they'll automatically reciprocate and be active in club.
- One meet could be conducted at different timings due to members' timing issues, and if there is any issue, the timing will be sorted out.
- Regarding the leaderboard system, TM Mawiya suggested that she could use the point system in a sportive way, as a baseline for a sportive competition.
- Reels based on mentor groups could be created to make the reels more attractive, have a stronger effect, and encourage members to participate
